Any queries please email or phone 07954689662

Rotary Ride is an annual event promoted by Rotary in Great Britain and Ireland and traditionally funds have been raised to support Prostate Cancer Charities across the UK and Ireland. We are changing the rules a little this year to also support other local charities. All participants should state which charity they want to support and all sponsorship money they personally raise will go to that charity. Entries can be submitted either individually or via the chosen charity.
